MEMORANDUM

To: Paul May, General Manager
From: Cheryl Peterson, Financial Administrator
Date: 6/10/2025
Subject: Financial Report – May 31, 2025

- Water sales to Commission customers for May 2025 were 90.4 million gallons (4.0%) above May 2024 and increased by 367.9 million gallons compared to April 2025.
- Water sales to Commission customers for May were 202.9 million gallons (9.3%) higher than the budgeted anticipated/forecasted sales for the month.
- For the month of May, water billings to customers for O&M costs were \$13.8 million and water purchases from the City of Chicago were \$11.4 million. Water billing receivables at the May month end (\$19.2 million) were higher compared to the prior month (\$14.3 million) primarily due to higher water sales (~2.1 million), timing of collection of receivables (~2.3 million), and higher rates (~0.5 million).
- For the one month ended May 31, 2025, \$14.2 million of the \$148.9 million revenue budget has been realized. Therefore, 10% of the revenue budget has been accounted for year to date. For the same period, \$13.7 million of the \$158.6 million expenditure budget has been realized, and this accounts for 8% of the expenditure budget.
- Adjusted for seasonality based on a monthly trend, year to date revenues are 111% percent of the current budget and expenses are 99% of the current budget.
- The Operating Reserve has reached its respective 2025/2026 fiscal year end minimum targeted level. The Long-Term Water Capital Account is just below its targeted level. Excluding budgeted capital related to the Waterlink expansion and alternative water source, the Capital Reserve account has met its targeted level.
- The O&M and General Account have balances of \$11.1 million and \$5.3 million, respectively.
